Window Care by Geeta Aluminium

Total solution for the fenestration industry

Geeta Aluminium has introduced AMC (Annual Maintenance Contract) under **Geeta Support System Window Care Services** to ensure your windows are periodically checked and cared for, thus ensuring an incomparable window experience.

Our trained and experienced professionals are equipped with professional tools and techniques to deliver Smooth and Hassle Free Window Services:

### Window Cleaning

- Basic cleaning of the windows for the tracks and inner surfaces will be provided so as to keep them neat and clean for better views.

### Aesthetics

- Clean windows add to the overall appeal for your home and looking great for years to come.

### Window Performance

- Addressing alignment issues of the shutter and shutter movement for smooth sliding for hassle free window experience. Ensuring better functionality of locks, lock nibs and ant lifts for better safety.

***“Windows need care and maintenance to function at full capacity. We're here to care for your windows so that they appear new!”***

With due periodic maintenance, windows can be protected and the high costs of repair avoided, allowing you peace of mind with regards to their usage. As the popular saying goes prevention is better than cure!
